- Copywriting, SEO and subediting

EMPLOYMENT HISTORY

CONTENT MARKETING AND DATA MANAGER

Finder UK | Nov 2020 - Current

- Created Javascript code that automatically adds a source to any copied HTML text from our website, significantly increasing amount of links back to research pages.
- Use HTML, CSS and Javascript to build interactive elements to improve user experience.
- Manage team of designers, writers and analysts who create assets and conduct research.
- Use BeautifulSoup and Selenium to scrape websites for data that enhances website content.
- Conduct surveys on national sample groups and analyse quantitative & qualitative responses.
- Hold masterclasses to train other teams in data analysis and visualisation building.
- Work with wider engineering team to automate internal processes using machine learning.
- Write, edit and design pages of statistical research to be outreached by PR teams.
- Collaborate with global teams to implement technical processes and knowledge share.

EMAIL SPECIALIST

Mumsnet | Sep 2019 - Nov 2020

- Built new HTML email template that mirrored most clicked areas on site, resulting in higher engagement after a two-month period of AB testing.
- Used Python to conduct audience segmentation and create targeted email campaigns.
- Analysed user buying habits during Black Friday sales, then included these in affiliate marketing emails. This data-led approach resulted in a 68% growth in email revenue, with 54% of overall Black Friday revenue coming from emails alone.

COMMERCIAL CONTENT CREATOR

Mumsnet | Oct 2018 - Sep 2019

- Used Python to conduct topic analysis within forums to understand users buying habits throughout the year. This data was used to pitch commercial campaigns to clients.
- Managed promotional activity and content production schedules for clients.
- Liaised with clients to come up with creative solutions for branded content.

JOURNALIST

- **The Mirror Online** | April 2018 - Oct 2018
- **The Hook** | March 2017 - April 2018
- **The Week UK** | Aug 2016 - March 2017
- **Grazia UK** | May 2016 - Aug 2016
